Klaten, Jawa Tengah, Indonesia

## Profile

I am a 6th semester Informatics Engineering student who is active in lectures and works part-time as a graphic designer. I have a strong interest in UI/UX Design and Backend Development. In addition to my academic and professional experience, I have also led a humanitarian community for 3 years. Through these roles, I have developed my public speaking, leadership, adaptability, critical thinking, and problem solving skills. I am excited to continue learning and contributing to challenging and innovative projects.
